# Heather Cheesbrough

Head of Planning & Building Control,  
St Albans City & District Council

Heather Cheesbrough joined St Albans City and District Council as Head of Planning and Building Control in January 2010. Prior to this she worked in local government at Westminster City Council, London Borough of Barking and Dagenham and Bexley London Borough.

She is a member of the Royal Town Planning Institute (RTPI), an enabler for the Commission for Architecture and the Built Environment (CABE) and a member of the CABE Planning Advisory Committee.

Heather said recently “St Albans City and District is a fantastic place with huge assets of heritage, green belt and a range of popular towns and villages. However there is intense development pressure and the Council faces a significant challenge in delivering sustainable development with appropriate infrastructure whilst safeguarding the green belt.

“I am enjoying working with officers, members and the local community to take forward the core strategy, and to develop projects arising from the city and rural vision work.”

Come along and get the opportunity to hear what Heather has to say about local planning/building issues and developments and have the opportunity to ask her a question!

We look forward to seeing many of you, there for another fantastic breakfast at this superb venue!
